

Listen—
you sure will
like this tobacco!

Men, here's tobacco that gives you a fresh deal in pipe smoking. Tobacco that's all ready for your pipe, that's long-burning, holds its fire close and can't bite your tongue, because the bite is cut out by a patented process. Forget that old messy way of rubbing and grinding tobacco in your hands. Pour Prince Albert right from the tin and light up for the bulkiest enjoyment you ever got out of a pipe smoke, bar none!

PRINCE ALBERT

the national joy smoke

Get this into your system right, you cigarette smokers, because it's good for what ails your spirits.

Prince Albert tobacco makes the finest cigarette you ever rolled. It's not only crimp cut, which makes rolling simple and easy, but it saves waste.

And, besides, you get the delicious freshness and fragrance and flavor that no other tobacco ever can give you. Be a sport. Put up a nickel or dime for one of those handy packages—and go to it like you were after a good thing.

Prince Albert is sold everywhere in
toppy 5c red bags, 10c tidy red tins,
and pound and half-pound humidor.

The Old and the New Their Mingling in Japan To-day Makes One Of the Significant Sights Of the World.

ADMIRAL TOGO IN ONE OF THE CURIOUS JAPANESE JINRICKSHAS, AND
(THE SMALLER PICTURE) A PORTRAIT OF GEN. NOGI
(By Garrett F. Service.)

For this great Japanese, when we look at this photograph of him, a smile comes upon our lips. There is something about it which amuses our Occidental mind in spite of the honor which we instinctively pay to the man. Our attention is distracted from him to his conveyance. He reminds us irresistibly of a man taking a ride in a baby carriage.

It is the national vehicle of his country, the jinricksha. It has been used for generations. To the Japanese eye there is nothing undignified about it. The man who is able to ride in a jinricksha is envied by his countrymen. It is as honorable a distinction, in Tokyo, where with his colleagues, who are following him, he has doubtless been engaged in considering mat-

ters of vast importance to his great country.

Nobody questions that admiral Togo is a man who must be reckoned with by the nations of the world. If any of them should think of making war upon Japan the image of Togo and his fighting fleet would rise menacingly before their eyes. The bravest naval officer, trained in western schools and western methods of war, would steer his ships into Japanese waters with an anxious heart if he knew that Togo was there waiting for him.

And yet, notwithstanding our respect

This is
Real
Syrup

Red Velva Molasses Candy
Bring one quart of RED VELVA to a boil, add best butter, keep stirring until syrup hardens when dropped into cold water. Grease pan, pour candy on there to cool. When cool enough to handle, pull candy from the edge of finger until it becomes a solid color.

Just try Velva with this recipe and see how fine it is. You'll get flavor at its very best and quality at its finest. There isn't anything like Velva for waffles, griddle cakes or candy anywhere, by any name—there's nothing made that is as good as

VELVA

in the red can for making candies and baking cakes. It has more than 5000 flavor—it has Velva flavor, that makes telling about it impossible. You must taste it to know what we mean. Will you? Ten cents up in clean, sanitary cans. Velva is the green can, too, at your grocer's.

a running coolie as to ride behind a spanking team of \$10,000 horses in New York. But people usually judge things not by their suitability to surrounding circumstances, but by their record with inherited ideas and prejudices. Foreigners who have ridden in these man-drawn vehicles all agree that after they got over laughing at the funny spectacle which they thought they were making of themselves, they found the experience altogether delightful. The motion is smooth and easy, and there is no danger of running people down in narrow crowded streets.

The Old Form Remains.

But observe now how the spirit of western invention has affected even this characteristic and traditional institution of old Japan. The wheels of admiral Togo's jinricksha are furnished with modern rubber tires and braced with light steel spokes like an American bicycle. The folded leather top, which he can have put up in an instant to shield off the sun or the rain, is constructed after the plan of our best buggy tops. Only the old form remains; the materials and the workmanship are borrowed from the western world.

Changed the Ships.

The Japanese found that steel battleships were preferable to war junkies, and they discarded the junkies and adopted the battleships just as the American Indian dropped his bows and arrows to learn to shoot with the white man's gun. They find that automobiles are a good thing for fast journeys, and so they have automobiles; but they also find that the jinricksha is very suitable for their use, and they retain the jinricksha, simply making it over with western tools and materials. And it is certain that admiral Togo will continue all his life to ride in his "baby carriage" while his countrymen will applaud and admire him wherever he appears.

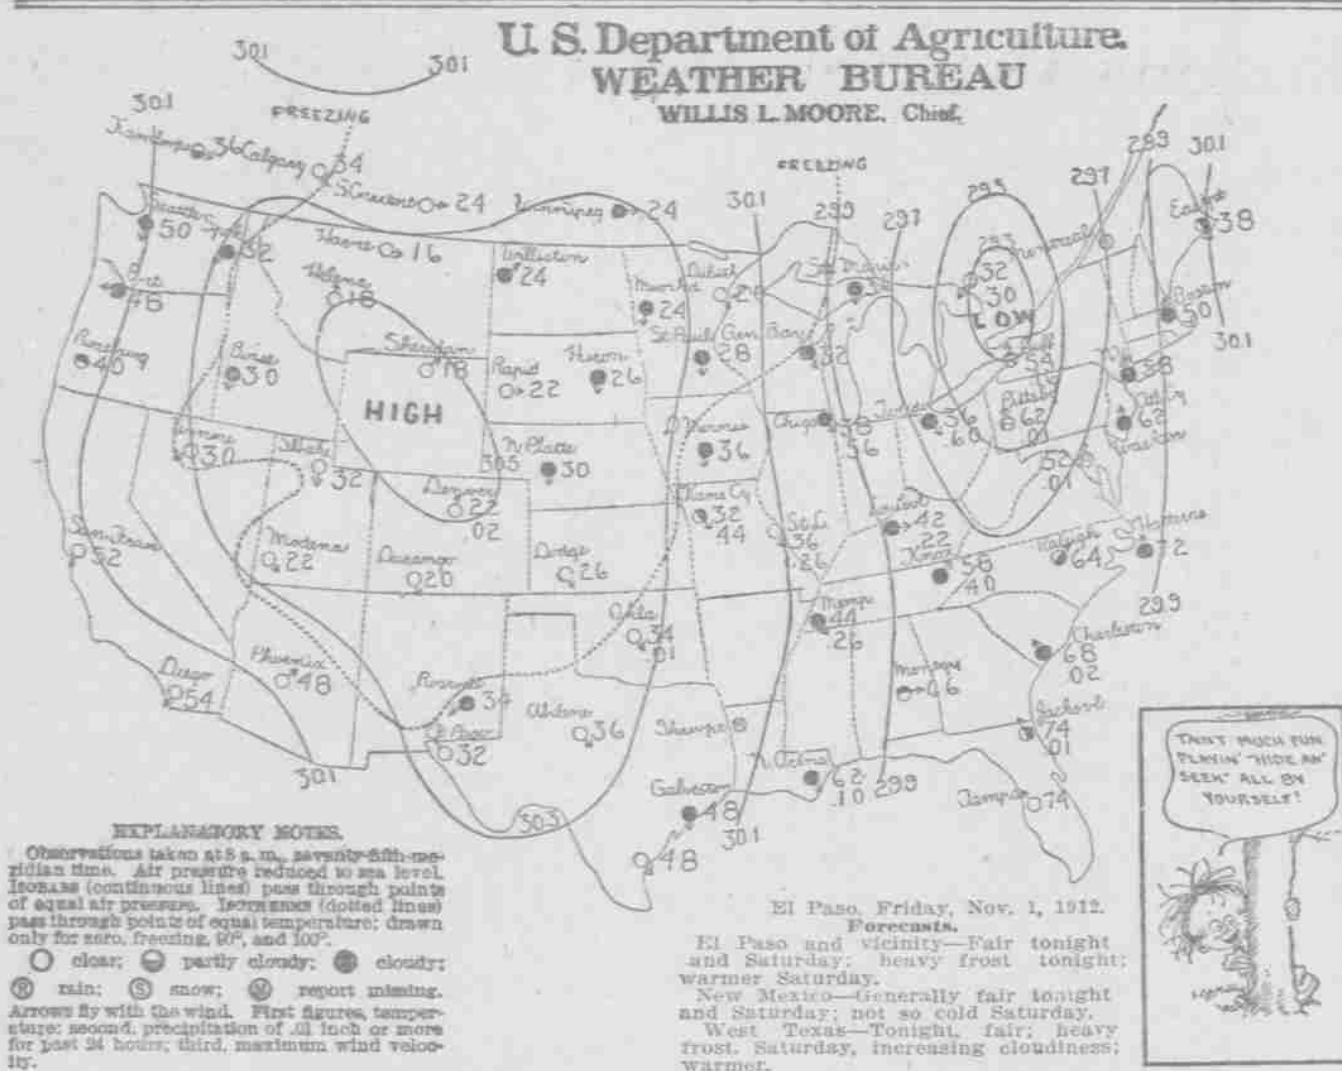

MOVING PICTURE TRUST FIGHT.

Austin, Tex., Nov. 1.—An effort is being made to obtain a modification of the injunction granted by Judge Pope of the district court at Beaumont in the anti-trust suit of the state against the so-called moving picture trust. Attorney general Walthall has intimated a willingness to have the injunction granted by the court modified in order that the business of the defendant companies may be facilitated.

ASTHMA CATARRH

WHOPING COUGH BRONCHITIS COUGHS COLDS
Vapo-Cresoline

ESTABLISHED 1879
A simple, safe and effective treatment for bronchial troubles, without dosing the stomach with drugs. Used with success for thirty years.
The air-carrying antiseptic vapor inspired with every breath, makes breathing easy, soothes the sore throat, and stops the cough, ensuring peaceful nights. Cresoline is invaluable to mothers with young children and a boon to sufferers from Asthma.
Send us postal for descriptive booklet.
ALL DRUGGISTS

ARIZONA ELKS TO MEET IN GLOBE

Will Have Reunion in That City Next April and Are Advertising the Gathering at Phoenix Fair.
Phoenix, Ariz., Nov. 1.—At a meeting between E. M. Dickerman, 385 Tucson deputy grand exalted ruler, R. P. O. Elks for Arizona, J. C. Graves, 225, Phoenix, and Joe Prochaska, of Globe, constituting a committee of the Elks' reunion association held in Phoenix yesterday, April 24, 25 and 26 were fixed upon as the dates of the state reunion of the order to be held in Globe in 1913. It is expected that 1500 Elks will be present and preparations will be begun at once to care for that number.
Prochaska is enthusiastic over the matter and has spent the week advertising the reunion and getting pledges from members of the order all over the state to send big delegations to Globe on the date set.
Master Eugene Prochaska, five years of age, dressed in a long coat and silk hat, has daily distributed thousands of souvenirs for men and women advertising the reunion among the box and reserved seat holders at the fair.

Specific Blood Poison

Everyone realizes that this disease is a blood infection of the most powerful nature, the virus of which so thoroughly poisons the corpuscles of the circulation that its symptoms are manifested over almost the entire body. First comes a tiny sore or pimple, then the mouth and throat ulcerate, glands in the groin swell, the hair begins to fall out, skin diseases break out on the body, and even the bones ache with rheumatic pains. Only a real blood purifier can have any curative effect on a blood poison so powerful as this. S. S. S. is the greatest of all blood purifiers; it goes into the circulation and by thoroughly cleansing the blood of every particle of the insidious virus makes a permanent and lasting cure of Specific Blood Poison. If you are suffering with this disease S. S. S. will cure you because it will purify your blood and enrich its health-promoting corpuscles. S. S. S. is so absolutely safe and certain in its results, that everyone may cure themselves at home and be assured the cure will be permanent and lasting. S. S. S. is a purely vegetable remedy, being made entirely of roots, herbs and barks, and it will certainly cure Specific Blood Poison in all of its forms and stages. Home Treatment Book and medical advice free to all.

MONTANA SHIPPERS WANT LOWER RATES AND \$500,000 DAMAGES

Washington, D. C., Nov. 1.—A petition was filed with the Interstate Commerce Commission today which constitutes a record in the history of the commission in two respects. It contains the names of 1562 separate complainants, who are business men of Montana and demands reparation in the sum of \$500,000.
Freight rates on all classes and commodities are attacked as unreasonable, exorbitant and discriminatory. The commission is asked to reduce the rates from 25 to 50 percent, according to the character of the articles transported; and damages in the sum mentioned are demanded for alleged excessive charges on shipments during the years 1910, 1911, and 1912.

MADERO AN OPTIMIST.

From Los Angeles Times.
President Madero is sending out invitations to attend the first exposition of Mexico, to be held in the state of Colima in 1912. No one will doubt that his intentions are honorable, but many will question his chances of pressing the button which will start any big show in that country three months from now.

COTTOLENE

Means Cleanliness & Economy!

You can cut your butter bills in two if you will confine the use of butter to your table, and use Cottolene—which is just as good as butter for shortening, and better for frying—in cooking.

Cottolene costs no more than lard. It will go one-third farther than butter or lard, because it is richer.

Cottolene contains no hog fat, but is a pure, vegetable product—made from choicest cotton oil. It is pure and clean, in source and making, is sold only in air-tight tin pails, which protect it from dirt, dust and store odors.

Cottolene is healthful; Cottolene will produce the best results in cooking; Cottolene is more economical than butter or lard.

Why not give Cottolene a trial, and serve your own best interests?

Try this Recipe:

Made only by
**THE
N. K. FAIRBANK
COMPANY**

CREAM MUFFINS
1 pint sifted flour 2 eggs
1/2 cup Cottolene 1/2 cup milk
2 tablespoons baking powder
1/2 teaspoon salt
Mix the baking powder and salt with the flour. Beat the yolks of the eggs lightly, add milk and stir quickly into the flour, then stir in the softened Cottolene and lastly the egg whites well beaten. Fill a greased muffin pan two-thirds full and bake 15 minutes in a very hot oven.

Use butter
on your
table

Use Cottolene
in the
kitchen
